WORK EXPERIENCE

UI/UX Designer Intern | *Cod Soft Technologies*

Aug – Oct 2025

- Designed wireframes, mock-ups, and high-fidelity prototypes for 3+ web and mobile app screens in Figma, reducing developer revision cycles.
- Collaborated with a cross-functional team to translate design specs into pixel-accurate implementations, ensuring brand consistency.
- Conducted usability reviews and iterated on UI components to improve visual hierarchy and accessibility compliance.

Web Developer Intern | *Coding Samurai*

Jun – Aug 2025

- Built and maintained responsive web applications using HTML, CSS, JavaScript, and Python/Flask, improving cross-device compatibility.
- Integrated RESTful APIs for dynamic data rendering, contributing to 2 client-facing features in an Agile team environment.
- Debugged frontend-backend integration issues, reducing reported UI bugs across the project sprint cycle.

Developer Intern | *HJAUTECH*

Aug – Sep 2025

- Participated in full SDLC from requirement gathering and coding to testing and deployment in a team of 4 developers.
- Consistently met weekly sprint deadlines and adopted Git-based version control and code review best practices.

PROJECTS

LifeHub — Personal Productivity & Wellness App | *React · Node.js · Express.js · PostgreSQL · REST APIs*

<https://github.com/Zainaafreen/LifeHub>

- Built a full-stack dashboard for task management, expense tracking, health monitoring, reminders, and weather insights.
- Developed a responsive and user-friendly interface with reusable components and consistent UI styling.
- Created RESTful APIs using Node.js and Express.js for CRUD operations, with PostgreSQL as the backend database.
